Xilinx ISE Design Suite 10.1

Dear Xilinx Customer,

Thank you for choosing Xilinx ISE Design Suite. The ISE Design Suite 10.1 includes the following products:

- ISE™ Foundation™ Software
- ISE WebPACK™ Software
- ISE Foundation Software with the ISE Simulator
- Embedded Development Kit (EDK)
- PlanAhead™ Design and Analysis Tool and PlanAhead Lite
- ChipScope™ Pro Tool
- ChipScope Pro Serial I/O Toolkit
- System Generator for DSP
- AccelDSP™ Synthesis Tool

For a complete description of the contents of ISE Design Suite as well as system requirements, operating system and device support, and detailed installation instructions, please refer to the *ISE Design Suite 10.1 Release Notes and Installation Guide*. This document is available online at:

English: http://www.xilinx.com/ise/notes_e

Japanese: http://www.xilinx.com/ise/notes_j

Known Issues

The following contains a list of the known issues at the time of release:

http://www.xilinx.com/support/sw_manuals/xtp026.pdf

Many of these issues are fixed in Service Pack 1 which is planned to be released in late April 2008. The latest available service pack may be installed using XilinxUpdate or by visiting the Download Center at <http://www.xilinx.com/download>.

Support information

For problems with the Xilinx Registration and Download Site or if you do not have access to all the products to which you believe you are entitled, please e-mail your regional Xilinx Software Customer Service Representative.
