

Product Change Notification PCN96002A

Product Availability Extension of XC7300 CPLD family at the *tsmc* Manufacturing Facility.

Subject: Product Availability Extension of XC7300 CPLD family at the *tsmc* Manufacturing Facility.

Products Affected: All members of the XC7300 family.

Change Description: Based on customer feedback, product availability for the XC7300 CPLD family (0.8µm UVC MOS) from the *tsmc* foundry has now been extended indefinitely. This supersedes PCN96002 dated March 15, 1996. If Xilinx foundry relationships for the XC7300 product family should change at some time in the future, all customers will have an 18 month advance notice to prepare for such changes.

Note: Please see [PDN97008A](#) for the latest status.

Reason For Change: Extension of XC7300 product availability from the *tsmc* foundry. Immediate response to this notification is not required. For any questions regarding this PCN you may contact Xilinx via email at 'pcn@xilinx.com', or by FAX at (408) 559-1368.
